The Piper's calling and he doesn't grant extensions. Noah Carrington is living on borrowed time. The fourth Blood Moon of the Tetrad has set and so has his future. He needs to stop the clock. Unfortunately, his only leverage; The Codex Vaticanus, has been intercepted and is now in the hands of The Coalition and they're driving toward the end zone. With the game clock winding down, Noah drafts a team from the deepest bowels of Hell: The Humanals, a fearsome hybrid of animalistic Super Soldiers; Azazael, The leader of The Watchers, the Original Fallen angels; and Frank, the most powerful man in all of Rome. Together, they take the world field in the Super bowl of humanity, hoping to pull off a last second, satanic Hail Mary. Bear no responsibility for the past; but doing nothing makes you complicit in the present created by it. In 2021, following The Cleansing, Gwen Freeman fled the Old United States and crossed the Israeli border with Faith; the newborn daughter of her best friends, Caleb and Cristiana, tortured and killed at the hands of Noah Carrington. She vowed to never look back. Twenty-one years later, Faith, rebelling against a life of aunt-imposed isolation, unwittingly revives a past clearly marked "DNR". With everything her aunt has taught her, she's about to learn the most frightening lesson of all, "It's not paranoia if they're really out to kill you." Noah's back...and there's a whole new breed of C-1.
