## **Buckner Book I** Jim White

This is the First Book of a Two Book Paperback set that documents twelve generations of our Buckner Family. Several of them immigrated to America landing in Virginia in the mid 1600s, and we trace our Buckner heritage in England and America. We start with the birth of our Progenitor in 1436 following descendants in several nations side by side. Book I documents the First Eleven Generations, it ends with page 628; Book II begins on page 629, and pertains to Generation Twelve. The page number system is Contiguous. The Second Book includes a Full Name Index that validates given and surname with appropriate page number in the correct Book. You need both Books. If you purchase one Book without the other, the result will leave you without the researched information compiled that allows documentation of our Buckner Heritage, or the Allied and Collateral families.
