## **Shameless** Andrew Lafleche

Andrew's first book, *No Diplomacy*, took the industry by force, boasting to be a story that can't be unread. *Writer's Digest* called it "a gripping drama loaded with emotion and reality." Lafleche has done it again with *Shameless*, a collection of prose depicting depravity, written in the same brutal honesty we've come to expect from him. *Shameless* is direct attack on the volumes of lifeless politically correct nauseam that has somehow replaced writing as it once was. It's a slap in the face to anyone who thinks they have a right not to be offended. It's about time. What are others saying about *Shameless*? "Disgusting. Andrew is everything that's wrong with the world today. He should be ashamed."
