The iPhone Book: Covers iPhone 5, iPhone 4S, and iPhone 4 (6th Edition) Scott Kelby, Terry White

If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 5, 4S, or 4—you've found it. There are basically two types of iPhone books out there: (1) The "tell-me-all-about-it" kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a "show-me-how-to-do-it" book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. *The iPhone Book* is from Scott Kelby, the award-winning author of the smash bestseller, *The iPod Book*, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions, and made it even easier by focusing on just the most useful and most requested iPhone 5 features, so you can start really using your iPhone today!

Thus there are a lot of benefits that you will get when you buy this book.

Michael Barth:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just very little students that has reading's soul or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The iPhone Book: Covers iPhone 5, iPhone 4S, and iPhone 4 (6th Edition) can make you truly feel more interested to read.
