The Quotable Machiavelli Niccolò Machiavelli

Niccolò Machiavelli (1469-1527) is the father of modern political thought, but he is also one of the greatest writers of the Renaissance and his wisdom and style extend far beyond politics to encompass a compelling philosophy of life as well. In *The Quotable Machiavelli*, Maurizio Viroli, one of the world's leading Machiavelli scholars, offers a rich collection of the Florentine's most memorable words on a wide range of subjects, including politics, the human condition, religion, love and happiness, antiquity and history, patriotism, and virtue. Drawing on Machiavelli's entire body of writings, and including little-known quotations as well as famous passages, the book shows the full scope of his thought and belies the cliché that he was a "Machiavellian" cynic. In addition to Machiavelli's own words on dozens of subjects of perennial interest, the book includes some almost unknown texts in which his contemporaries describe him. Complete with a biographical introduction, the book serves as a handy reference and a smart and lively introduction to a masterly thinker and writer.
