Imagine

Erik Johansson

Imagine Erik Johansson

Electrical lines that turn into the strings of a massive guitar in the sky. A man dragging a bed sheet, which turns into a road, across an empty field. A charming cottage on an island that is actually the back of a giant fish. Digital photography artist Erik Johansson has achieved international fame by taking and then combining photos into surreal, M.C. Escher–like worlds. This is his first book, and it captures the improbable and impossible in fifty distinctive images.

Digital artist Erik Johansson starts with a simple hand-drawn sketch, but what you see in the end is anything but simple: dazzlingly realistic scenes made of hundreds of photographs—all meticulously staged and propped and then stitched together in software—offer a glimpse into wholly invented, incredibly detailed worlds. While shooting takes only a few days, Johansson’s planning and retouching process each take months, resulting in out-of-this-world images that have won him fans worldwide.

Here’s what people are saying about the Erik Johansson’s work:

“Erik Johansson has created a portfolio of stunning images combining photography, raw materials, and digital editing.” — *Daily Mail UK*

“Erik Johansson ... has [taken] the blogosphere by storm by producing heavily manipulated photographs [that] invert aesthetics as we understand them, inspired by MC Escher and other surrealist artists.” — *Independent UK*

From reader reviews:

Robert Franco:

The book Imagine can give more knowledge and information about everything you want. Exactly why must we leave the good thing like a book Imagine? A few of you have a different opinion about book. But one aim which book can give many facts for us. It is absolutely right. Right now, try to closer together with your book. Knowledge or info that you take for that, you can give for each other; you could share all of these. Book Imagine has simple shape however, you know: it has great and large function for you. You can look the enormous world by open up and read a reserve. So it is very wonderful.

Billy Taylor:

The actual book Imagine has a lot associated with on it. So when you read this book you can get a lot of gain. The book was published by the very famous author. This articles author makes some research before write this book. This book very easy to read you can find the point easily after perusing this book.

Mae Marks:

As we know that book is essential thing to add our knowledge for everything. By a e-book we can know everything we really wish for. A book is a group of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This guide Imagine was filled regarding science. Spend your extra time to add your knowledge about your scientific disciplines competence. Some people has several feel when they reading a new book. If you know how big benefit from a book, you can really feel enjoy to read a publication. In the modern era like right now, many ways to get book that you just wanted.

Ricky Bradley:

A lot of publication has printed but it differs. You can get it by internet on social media. You can choose the best book for you, science, amusing, novel, or whatever by means of searching from it. It is referred to as of book Imagine. Contain your knowledge by it. Without making the printed book, it could add your knowledge and make a person happier to read. It is most significant that, you must aware about publication. It can bring you from one spot to other place.
