My book contains over 50 short and very short filler stories about experiences I've accumulate over a lifetime. Included in this mix are stories created just for fun. You see semi-trucks rolling through your town. but have you ever thought about the lives of those people driving them? For two years I roamed the United States in one of these big rigs. I was in 46 of the lower 48 states and racked up around a quarter million miles. When I left this job, I started hauling fruit from Central Washington into the Los Angeles basin. I've tried to give you an accurate picture of life on the road. One story covers an eight week trip around the US while another details a trip from Wenatchee, Wa. into the LA Basin and the return trip.
