Antics of a frolicking raccoon! Raccoons are notorious for their mischief and 'streetwise' animal antics, but seldom has there been a raccoon that could match the career of Loony Coon. Life for the otters, geese, deer, skunks, and porcupines of the Campbells' wilderness home was always unpredictable when this bundle of energy was in town. So join in the fun, spills, and porcupine quills-the misadventures of Loony Coon -- told in the wonderful Sam Campbell style. Even skunks can teach lessons. Sam Campbell's Forest Life Books are known and loved by both children and adults. Now the "Philosopher of the Forest" has written Sweet Sue's Adventures for the younger children who love animals and the outdoors. In clear and concise language for the beginning reader, the author tells why a skunk behaves as he does, where he lives, what he eats, and how he reacts to other forest animals. Come with Sam once again as he hikes and finds more wildlife adventure! Paperback, 119 pages. AB Publishing.
