Travels and Adventures of an Orchid Hunter: An Account of Canoe and Camp Life in Colombia, While Collecting Orchids in the Northern Andes (Classic Reprint) Albert Millican

This Book aims at representing to the reader, and especially the lover of orchids, the circumstances under which these plants are found in the north of South America, as well as being a guide to the traveller in Colombia and the West Indies; besides endeavouring to set forth the natural riches of the country and the manners of the various classes of people, from the wild Indian of the forest to the polished and educated senator of the Court. It is not a missionaries report, nor a travellers diary, nor a students compilation, but a narrative of things seen and experienced by me while travelling with natives through the forest, sharing with them the hospitality of the wayside hut or the forest shelter and the camp-fire, as well as the more agreeable life of hotels and towns.
