Digging Deep in the Garden: Book Three (Volume 1)

John Walker

Digging Deep in the Garden: Book Three (Volume 1) John Walker

"An intelligent reminder of the joy and responsibilities of gardening." The silence of celebrities on climate chaos... growing your own biofuels to benefit bees... how to run your garden on renewable, modern sunlight... why nature-friendly organic gardening is bad news for big business... how slug pellets are polluting your cup of tea... In this incisive, witty and thought-provoking collection of essays exploring gardening's place in nature, John Walker challenges gardening's status quo at a time of unprecedented environmental upheaval, while urging us to garden in ways that are truly green. This third book of John's earth-friendly garden writing was originally published in Organic Gardening/Organic Garden & Home, and then in Kitchen Garden magazine, as his long-running and popular series 'Digging Deep'.
