The development of the new Vapor OK 4625 Intensi-Fired Steam Generator has advantages for departments throughout your Road, To the mechanical department it brings the most efficient means of providing steam heat ever developed. To the maintenance department it brings simplified controls with less servicing and easier access for maintenance. Passenger traffic departments welcome the new Vapor OK 4625 Intensi-Fired Steam Generator length of trains are no longer limited by boilers whose capacities cannot provide ample steam in ordinary operation or under emergency conditions. Executive departments recognize the public relations value of assuring passengers ample heat under oil operating conditions. CANADA LIMITED, 65 Oulhouse Street, Montreal, Que.
