Dr. Jang SAT* 800 Math Workbook For The New SAT Dr. Simon Jang, Ms. Tiffany T. Jang

The only one book you need to prepare for the NEW SAT Math, launched in March 2016! This book provides over 1500 practice problems, one diagnostic test, and 10 mock tests. The problems and techniques in this book will help train and prepare students for the redesigned math section of the new SAT. The breakdown of topics in this book reflects the topics emphasized on the new SAT. Working on the problem solving skills sections will help you build a strong sense of intuition for solving problems and making educated guesses. Within each concept section, the problems are grouped into three difficulty levels: Easy, Medium, Hard. The critical thinking advices, answers, and detailed explanations are located to the right of the problems. You can refer to the answers easily but can also cover the page if you want to attempt the problem on your own. In addition to a thorough overview of materials, the over 1500 practice problems reinforce your understanding of the material and pinpoint the weak areas you need to improve on. The ten SAT Math mock tests located at the back of book closely mimic the actual exam and provide more even practice. By taking these mock exams with a timer under test-like conditions, you will be even more prepared to master the real test.
