Three months have passed since the fateful events of Glastonbury, and the group of friends find themselves caught in the madness of their new home in Sao Paolo, Brazil, as they try to make sense of their new lives as super-powered beings.

At the same time, on the other side of the Atlantic, the Inquisition forces launch their secret weapon, one that is designed to bring down the newly activated Lucidi.

Enter Strike Force Fury and the Ravens, an elite task force of young Inquisitors equipped with the latest developments in military and Mecha technology, trained to hunt down and exterminate the enemies of the Faith.

Inquisitor's Fury is the second installment of the E.M.F. Chronicles, a five-part series of suspenseful action adventures with a strong science fiction edge. Follow the life of each character in a tale of friendship, camaraderie, and conflict, from the military training grounds in Ireland to the wild rain forests of Brazil. T.A. Marks' follow up novella is guaranteed to keep you on your toes, from beginning to end.
